PUTIN BANS ROTHSCHILDS FROM RUSSIA

Vladimir Putin has banned Jacob Rothschild and his banking cartel family from entering Russian territory under any circumstances.

Putin recently reminded his cabinet that he paid off the Rothschild's debt and "grabbed them by the scruff of the neck and kicked them out Russia's back door."

This meeting featured the President pounding his fist on the table and vowing to destroy the controlling elites of the world, and according to a Kremlin source Putin is making great strides towards this goal.

"They do not own the world, and they do not have carte blanche to do whatever they want. If we do not challenge them there will be other issues. We will not be bullied by them."

It is understood that the Rothschild banking racket was a noose tied around the neck of the Russian economy. Once the knot was tightened, the economy would struggle and choke.

Early in his presidency he made a priority of uniting Russia socially, spiritually, and economically. He ordered the arrest of the Rothschild backed oligarch Mikhail Khodorkovsky who had made Rothschild, Henry Kissinger and Arthur Hartman directors of the Open Russia foundation.

A keen student of history, well versed in world affairs, the Russian President has studied the history of the world's most elusive organisation and understands the central role their financial collaborators have played in fomenting the major international conflicts of the 20th century.

Now they want to plunge us into World War III.

The controlling elite invasive roots and branches keep spreading around the world, but President Putin has stopped them expanding into Russia. This is a major blow to their plans for world domination and now they view him as a real threat. He's got them running scared, which is why he is degraded in the Western media at every opportunity.

The reality is that Putin is leading us towards a multi-polar world, far from the one government, one religion future plotted by the elites and their political puppets followed by mindless minions. When he took his

forces into Syria to protect a sovereign state he further enhanced his reputation as a powerful leader.

People around the world have started to wake up and notice.
